

# Bermondsey (G) controlled parking zone

Existing CPZ review

April 2008

[www.southwark.gov.uk](http://www.southwark.gov.uk)

Southwark Council is committed to ensuring that parking controls meet the needs of our resident's and businesses.

## Background

Bermondsey (G) controlled parking zone (CPZ) was introduced in 1998 primarily to relieve the pressure for space caused by commuter parking. The CPZ also assists in road safety and in the reduction of traffic congestion. G CPZ was subsequently reviewed in 2003 to reflect the expected changes of traffic and parking patterns in response to the introduction of central London congestion charging.

## Review process

We will be carrying out a review of G CPZ this financial year. This provides us an opportunity to consolidate and consult upon all the issues that have been raised since its last review.

The review consists of a full survey of the CPZ, desktop study of previous complaints and enquiries, a questionnaire to all residents and stakeholders on strategic issues (such as hours/days of operation) and two public exhibitions to discuss the proposed amendments and to raise any other aspects of the CPZ that you think we should consider.

## How can we be involved?

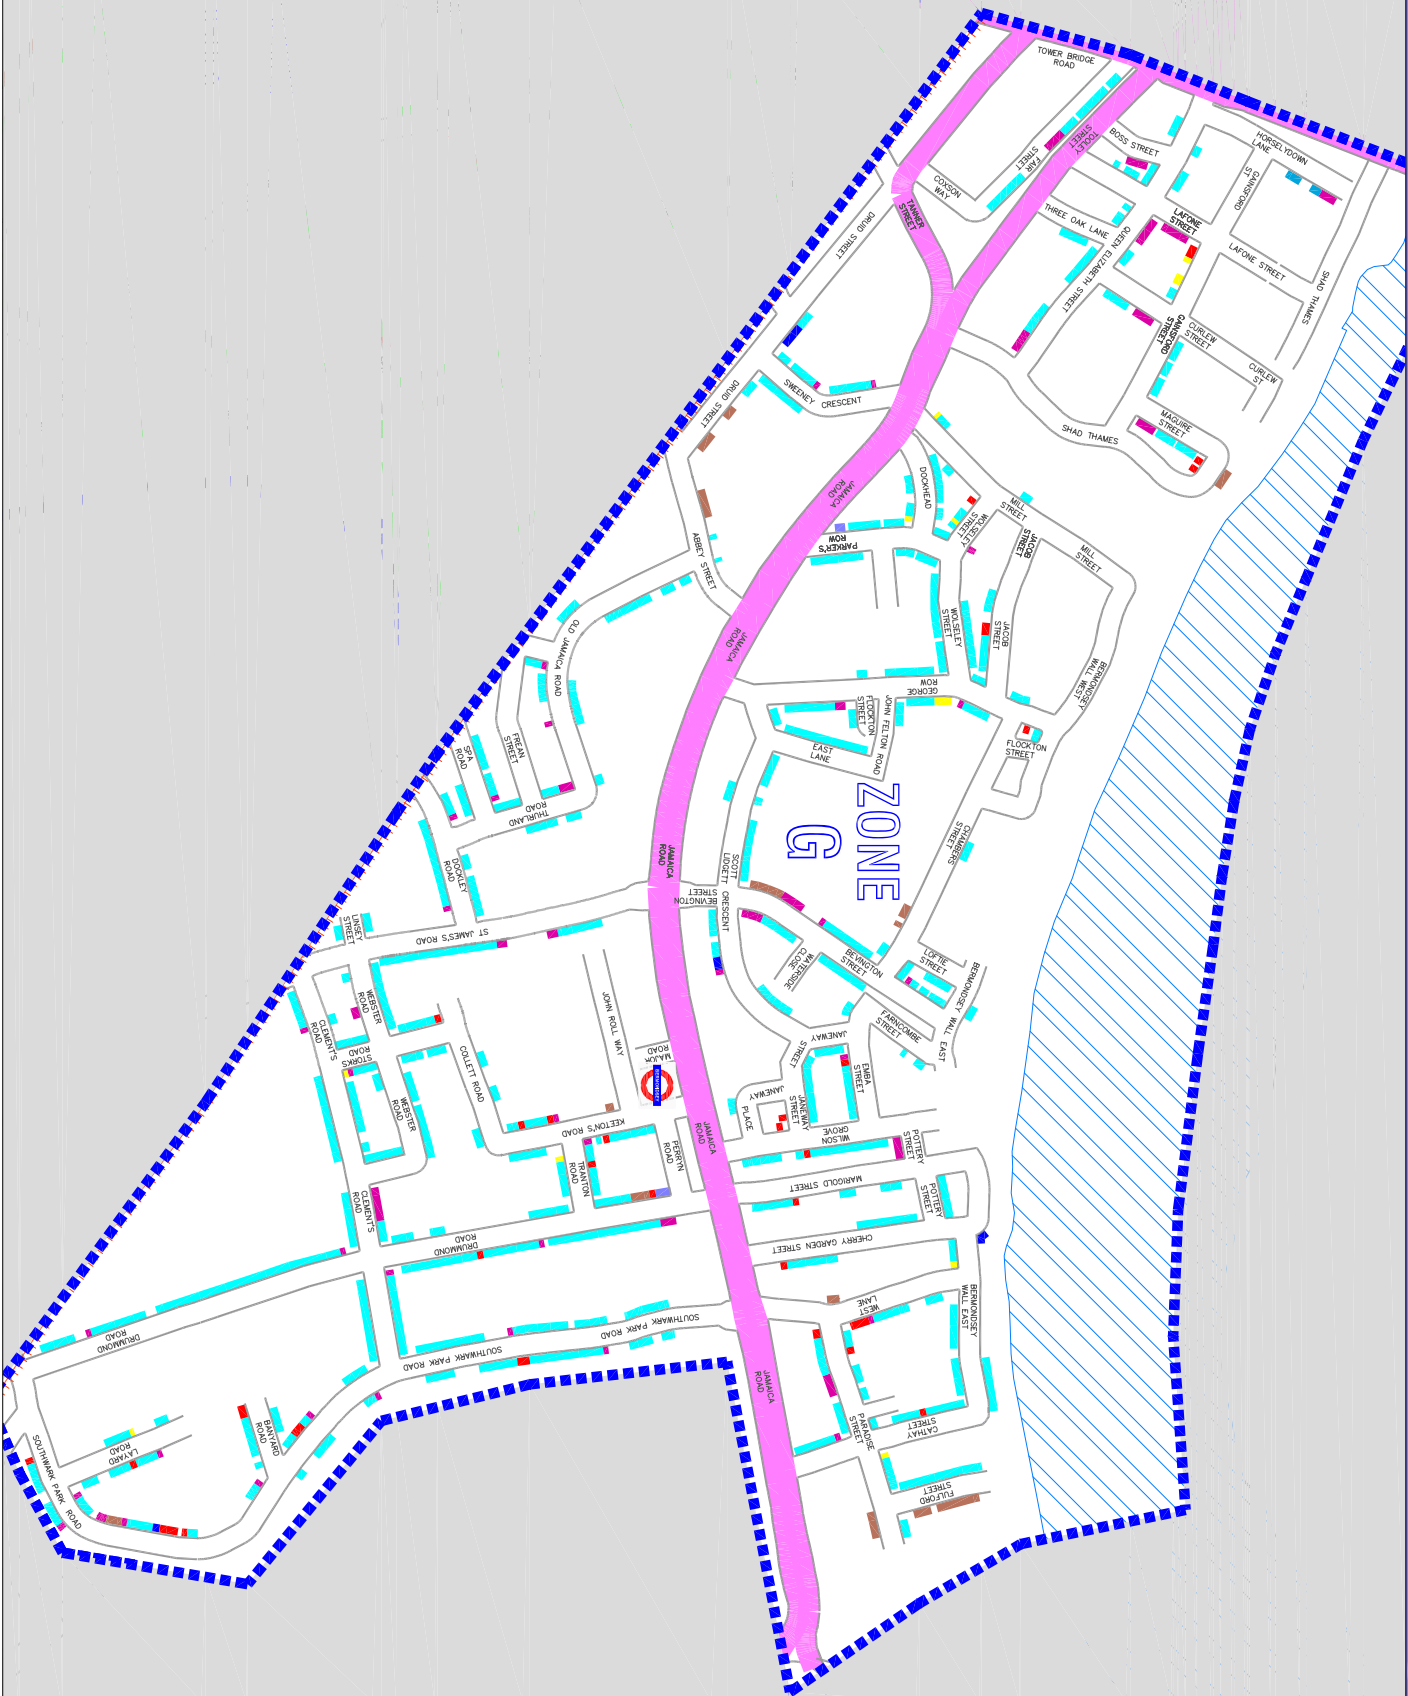

In advance of the consultation we'd welcome any feedback on the CPZ so they we can investigate and propose appropriate amendments. Issues we can consider are:

- Hours/days of CPZ operation;
- Location and designation of existing parking places and yellow lines;
- Necessity for increased disabled visitor parking places / motorcycle bays;
- Need for car club parking places.

## Who do we contact?

Any comments should be made in writing to Network development, 151-153 Walworth Road, SE17 1RY or via [parkingreview@southwark.gov.uk](mailto:parkingreview@southwark.gov.uk)

# BERMONDSEY (G) CPZ, MON - FRI, 8.00AM - 6.30PM
